

Remarks

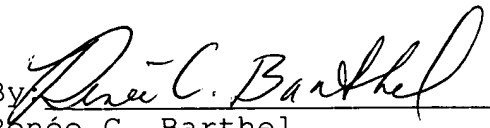

This responds to the Notice of Drawing Inconsistency with Specification mailed May 20, 2005, for the above-identified application. As requested in such Notice, the specification has been amended to correct an inconsistency which caused Fig. 30 to be "contained in the Drawings but not listed in the Brief Description of Drawings in the specification." Accordingly, a description of Fig. 30 has been added to the Brief Description of Drawings, which description is supported in the original application, for example, in the drawings and in the specification beginning at page 123, line 7.

This is respectfully believed to fully respond to such Notice and does not add any new matter to this application.

It is believed that no fee is associated with this response. However, if any fee is due, the examiner is hereby authorized to charge deposit account number 50-1039. (A duplicate of this document is enclosed.)

Respectfully submitted,

Date: June 8, 2005
